News-item on Kashmir

2611. SHRI VIRENDRA KATARIA: Will the PRIME MINISTER be pleased to state:

(a) whether Government's attention has been brawn to a newsitem captioned "who is running Kashmir, India or West" which appeared in the Hindustan Times dated the 28th August, 1995; and

(b) if so, the reaction of Government thereon?

THE MINISTER OF STATE IN THE PRIME MINISTER'S OFFICE (SHRI BHUVNESH CHATURVEDI): (a) and (b) Government have seen the news-item referred to in the question which basically relates to the hostage issue in Jammu and Kashmir. Government has, from the outset made efforts to encourage the abductors to come forward for dialogue/ discussion, to ensure that no harm is caused to the persons kidnapped. In keeping with the policy of transparency, close liaison and contact has also been maintained with the officials of the Missions of the countries whose nationals have been abducted, which include UK, USA, Germany and Norway. Their officials have also been facilitated to visit Srinagar. Government also agreed to the presence in India of experts of these countries to ennable them to make their own assessment of the situation and advise their missions. In the process Government has welcomed any advice and suggestions that may be given by them. However, at no stage has there been any direct involvement or interference by officials/experts of these countries in the actual handling of the situation. Thus the averments made in this regard in the news-report are incorrect.
